

Rexford Bridge Project Construction Update – October 17, 2016

Route 146/Balltown Road CLOSED on Friday, October 21 – Monday, October 24

Beginning at **9:00 PM October 21st**, a section of Route 146/Balltown Road just south of the Rexford Bridge roundabout at Aqueduct Road will be closed to traffic in both directions to allow paving work associated with the Rexford Bridge project to progress. While the closure must end by 6:00 AM Monday October 24th, the contractor expects to have the road back open to traffic by sometime on Sunday. A signed detour will be in place. Traffic delays on both Route 146 and Aqueduct Road are expected during this period. Williams Street will remain open during this weekend closure, as will the Rexford Bridge and Aqueduct Road.
