## MEDIA RELEASE

The Office of the Chief of Police has authorized the release of the following information: Ref SJS 150242

The Niskayuna Police Department is investigating a daytime burglary that occurred at a residence on Rosehill Blvd in the Rosendale Estates neighborhood.

Police were called to the scene at approximately 11:30am by a resident who return home and determined the house had been entered and items were removed.

While officers were investigating the initial scene, they were approached by another resident on Rosehill Blvd who reported observing damage to a rear doorway of his residence. The investigation into the second scene leads officers to believe that when the resident arrived home, he may have interrupted the suspect as they were attempting to make entry. No entry was gained to the second residence.

There are no known suspects at this time. Any residents in the area who observe damage to the residences are encouraged to contact the Niskayuna Police Department. As in years past, The Niskayuna Police Department continues to stress the need for residents to be vigilant in the securing of their property. This investigation is ongoing and if anyone has any information regarding these burglaries, or they see or hear anything out of the ordinary, they are urged to contact the Niskayuna Police Department or 911.
