

Positions in Niskayuna Water & Sewer Department

The Town of Niskayuna is currently accepting applications for an opening in the Water and Sewer Department. Applicants should have a background in the construction and maintenance of water distribution and sewer collection systems. Typical work duties will include the repair and replacement of water and sewer mains and appurtenances. Additional duties may include washing of sewers and lift stations, hydrant flushing and repair, closed circuit television inspections of sewer lines, as well other related duties as directed by supervisors. If hired, applicants must obtain a New York State commercial driver's license within 10 months of appointment. Based on experience and qualifications one of two titles may be offered. Salary and benefit information for each title is list below.
